

RECONVENED MEETING
BLOSSBURG MUNICIPAL AUTHORITY
MAY 17, 2022

The reconvened meeting of the Blossburg Municipal Authority was held on Tuesday, May 17, 2022 at 7:00 PM in the Council Room.

The following members were present: Treasurer P. Bauman, Secretary S. Hall, and member J. Eckman. Absent was Chairman M. Stoudt and Vice Chairman J. Bubacz, Jr., who is sick. Also present was G. Lloyd, Borough Manager and Recording Secretary L. Lazouras.

A motion was made by J. Eckman, seconded by P. Bauman, " That Steve Hall be appointed as Chairman pro tem." All in favor.

S. Hall called the meeting to order at 7:04 PM.

BID OPENING TAYLOR RUN CHLORINE BUILDING

1.) VFP, Inc.

Roanoke, VA. Furnish 1 chlorine building \$54,250.00
Plus estimated transportation to site as stated in the attached bid letter
A bid Bond is included

Their letter states a variety of items. One item states with current lead times on all items as well as their backlog, they cannot guarantee a 10/31/22 delivery date. The size is nominal 9' wide exterior times nominal 16' long exterior X nominal 8' high interior, one room concrete shelter. Estimated additional cost to transport billed at actual cost plus 12% per terms and conditions. George said transportation could be around \$10-11,000. An optional partition wall with a window is \$3,090.00. George said that would be needed to keep the gas chloritization separate. There will be no windows on the outside due to the fact that hunting is done around the area. Completion currently 20-22 weeks after approval of drawings and state approval where applicable. The location will be on the south side along the Taylor Run Rd. on the right. We only bid for a prefabricated building. J. Eckman asked if it has to be concrete or could it be cinder block. He also wondered if Superior Walls does this type of building. George said he will ask S. Bray about that. A motion was made by J. Eckman, seconded by P. Bauman, "That no decision will be made at this time to award the bid, pending the engineers review." All in favor.

OLD BUSINESS:

1.) The members were given copies of documents regarding the D. Bogaczyk bills. S. Hall asked if we had a separate accountant look over the billings. We did and she found no discrepancies. It was noted one of the papers received from Mr. Bogaczyk had mistakes in it. There is a hearing scheduled this Friday that G. Lloyd and C. Bubacz will be attending.

2.) The list of delinquent customers was given to the members. There is only one person owing from three years ago. George had talked with a relative of this person. There are a few with liens. The rest are making payments and Cheryl has advised them to check into applying to the State LIHWAP program.

3.) P. Bauman, Treasurer, discussed the sewer loan with the water we repay monthly. We had borrowed from water to pay bills in 2015 and 2017 and the sewer share of the new loader. The loader amount has been repaid. He would suggest we pay this off so we will only have the new WWTP loan. G. Lloyd said we have the funds to do this.

4.) G. Lloyd reported we received the report from the Pall Study at Bellman. S. Bray is reviewing the information. J. Eckman noted everything should be able to run manually or automatically.

5.) G. Lloyd has not heard back from Casselberry yet.

6.) G. Lloyd said once we have the new tank in and approved by DEP, we can do work on the old tank. We will have no problem filling the tank with our other sources. The elevation of the new is the same as the old on 15. With gravity and pumping from the well we will be able to fill it up with no problem.

There being no further business, S. Hall adjourned the meeting at 7:25 PM on motion of P. Bauman, seconded by J. Eckman, with all in favor.

CHAIRMAN
